FOXWOOD COMMUNITY POOL GETS COMPLETE MAKEOVER

Your Homeowners Association Dues Working for You

Foxwood is getting ready for the hot summer days ahead. Your Board of Directors has been hard at work getting repairs done to the pool to keep us cool in 2016!

Our pool and its surrounds were really in need of a complete renovation at the end of the 2015 swim season. The lights and electrical system were already having issues and cosmetic problems existed as well.

Here's what's been happening:

- the pool has been completely re-plastered and retiled,
- all the lights have been replaced and the electrical system has been repaired,
- the pavilion floor and the picnic tables have been repainted,
- repairs have been made to the wrought iron fence and
- a new shelter has been built for the lifeguards.

So dust off your swimsuits, grab your pool pass, and get ready to splash! See you at the pool!

Spring has Sprung... ... and so has everything else!

Grass, trees, and flowerbeds are growing like crazy and they are beautiful. But they also need routine care to keep them looking good.

Deed restrictions require that each resident must maintain yards by trimming, cutting, mowing, pruning and raking to keep them clean and attractive. Proper care keeps pests under control and improves property values.

In an aging community such as Foxwood, it is more important than ever to keep our landscapes in good condition to avoid the inconvenience of costly fees or penalties.

Foxwood isn't just our neighborhood, it is our home.

LET'S KEEP FOXWOOD BEAUTIFUL
