

The most recent word from your Board of Directors & your Management Company

What is the next step for Foxwood?

After our July Board of Directors teleconference, the following decisions were made relative to the Novel Coronavirus Pandemic:

Basis:

- Harris County is under the most severe level of protection and practice for avoiding the spread of the Coronavirus:
Level 1 / Red.
- Urgent warnings are being issued via the media to warn the population to stay home, wear face protection, wash hands frequently, no face touching, no group activities, and social distancing.

Decision:

- All **public facilities** in Foxwood **will remain closed** until after Labor Day (Monday, September 7th 2020).
- Prior to that date, conditions will be reassessed and the Board will decide if closings will continue.
- The following areas are closed:
 - **The Park** – no athletic activities, picnics, social gatherings or other group meetings. Tables and benches are off limits.
 - **The pool** remains closed for the remainder of the season.
 - **The Clubhouse** will not be available for rental.
